

Me and my friends are playing king of the hill out on an island.

The river and boat house. There is a big trail through the forest that leads to the houses.

My Dad and I are on a wave runner.

## My Special Place

### Eagle River Wisconsin

Eagle River is a very special place to me because of a lot of reasons. It gets me going and it is a lot of fun. I get really happy but... It can be dangerous, why? In the river there's huge fish like, Northerns, Muskies and much more (under the dock, a musky lives there.) On land there's huge Black bears, coyotes, wolves, and raccoons. Other than that it is really fun. I go there with my Mom and Dad's friends and their kids. We go swimming, we go on the rope swing over water, we dirt bike, we run around, we take the wave runners and boats to random islands, we play card games, and most of all we fish. But that's only in the summer. In the winter the main thing we do is snowmobile and go to a lot of restaurants. We go over lakes and on trails for hours to go to different restaurants. We go in really cold weather so we have to put a lot of clothes on. One time it was a really cold day and I forgot some things to put on and I was so cold I started to cry.

My Mom and Dad's friends own a lot of land right by the Wisconsin river. They own 80 acres. There are three houses. The Love Shack, Mel's house, and Gram's. We usually stay in Gram's. In the morning everyone is lazy and we eat donuts. In the afternoon we play and at night we party. I get really skinny there because I only eat breakfast because I have too much fun that I forget to eat.

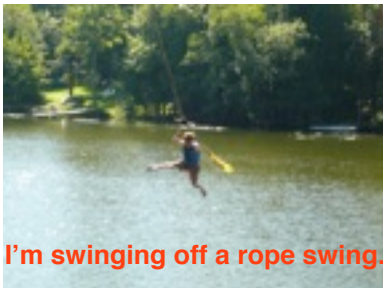

It really isn't a peaceful place until you look around and see the forest and the river and all the wild life. Sometimes you can see Bald Eagles. It really is a special place. It is a lot of fun and peaceful. I love Eagle River.

My first time at Eagle River.

I am playing with my friends Tyler and Olivia.

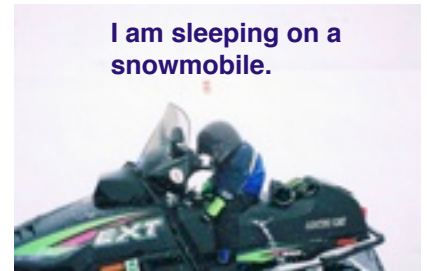

I'm swinging off a rope swing.

Me and my friends are on a tube thing hanging off the back of the boat.

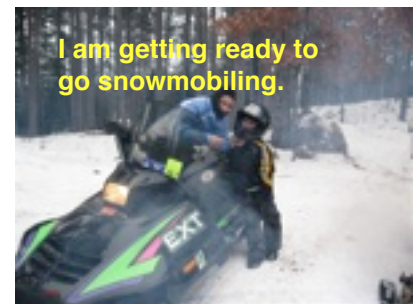

I am pretending to eat a fish I caught.

I am sleeping on a snowmobile.

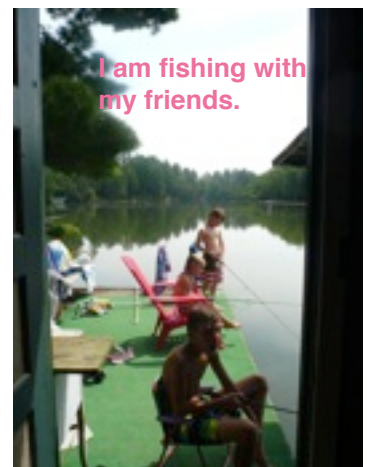

I am at a restaurant in Eagle River with my family.

I am getting ready to go snowmobiling.

Sometimes we can't ride

I am fishing with my friends.
