

How I Spend My Free Time

Grade 5

Dr. Kramer' Class

Franklin Township School

Quakertown, New Jersey, USA

I rarely have free time, but when I do I like to watch TV, play outside, or bake. A lot of the time I am doing homework, at soccer, or at my brothers' baseball games. When I do have free time, it is usually on the weekend.

On Monday, Wednesday, and Friday I have soccer practice. I have two soccer games on Sunday, so I am pretty busy on Sunday. Sometimes on Saturday, my brothers and I play some baseball and then kick a ball around.

Sometimes when I want to be alone, I go to my front porch and read a book on the swing. Sometimes I get deep into the book so I can't hear anything going on around me. There are times where I want to be alone in my room so I draw. I sit at my desk and look out the window and try to find inspiration. I find it hard a lot of times because I am staring out at the same thing every time.

I don't have free time a lot. I am usually practicing piano, doing homework, or at soccer practice. So when I do have free time, I try to enjoy it for as long as I can.

Delara C.

In my free time I like to bake, watch TV, or paint. I usually do those things when I am done with my homework every day.

When I get home from school, I do my homework and then have my free time. When a new episode of a show I like comes out, I usually watch it. When I find a recipe that sounds good, I make it. Whenever I see a painting that looks really cool, I like to try and paint it.

Sometimes, when someone else in my family is using the TV on the main floor in our house, I check the TV in the basement to see if it is available. It usually isn't open either. Then I turn to the kitchen. Usually before 6:00 PM, no one is in the kitchen, so I get out a cookbook and bake something delicious. Most of the time, no one is in the kitchen, but if they are I would probably paint or draw something.

Those are the things I do in my freetime. Even if I can't always do the same thing every day, I still have something else to do.

Whenever I have free time, I either play my phone or ride my dirt bike. I usually ride my dirt bike in my backyard on the weekends. I play my phone during the weekdays. On my phone, I play Clash Royale, it's a game that I need strategies and techniques. I think it's really fun! When I ride my dirt bike, I ride in my backyard because I have different jumps and a field. That's what I love to do when I have freetime.

Noah H.

In my free time I love to play soccer. Soccer is fun to me, because I love learning new skills. Also, I love the competition of the game. My favorite position to play in soccer is the right wing. Another reason I love soccer is because I get to play with my friends, Delara and Vern. We all work really well together on the soccer field. This year I am part of the Union Recreational League.

My coaches are Coach Cama and Coach Peterson. I have had a wonderful season so far!

I love playing soccer in my free time because it is what makes me happy. I love soccer because I get to learn so many fun things and play with my friends. Soccer is my passion and I love playing it.

Sabrina May

In my free time you will usually find me on my computer watching Youtube. I might also be playing X-box with my friends. That is what I do in my free time.

I have free time every day of the week except when I'm studying for a test. One of the things I do in my freetime is play the game Clash Royale on my phone. Clash Royale is an online game where I battle people in real world time to get really good cards and improve your skill by beating harder people and prestiging arenas. Another thing I do in my freetime is play games and watch Youtube on my computer. Outside, I ride my bike, jump on my neighbor's trampoline, and play baseball with my brother and dad. Playing on my phone, my computer, and playing outside is what I do in my freetime.

Zeke D.

I don't have much free time. I have lots of sports that I play during the week and on the weekends. My free time usually comes on Monday, Friday, and sometimes on the weekend. I have lacrosse practice on Tuesday and Thursday. I have a lacrosse games on Wednesday, Saturday, and Sunday. When I have free time, I usually do my homework, study, play outside, or play video games. This is when I have free time and how I spend my free time.

Joey E.

I have free time at school everyday for 40 minutes, every friday for 40 minutes, everyday after I finish my homework, and all weekend. Free time at school starts at 11:00, every friday at 2:43, and after homework my free time starts at 5:00. When I have free time at home I play on my phone or watch youtube, At school I usually play basketball or football, and on friday at school we get to play on our ipads.

I love having free time because I don't have to work nor get bored. I will always love going home and getting on my phone because I love to play on my phone. I have a lot of free time and I love it.

Most of the week, I don't have much free time. My family is very busy, so I only have free time on a couple days of the week. First of all, I have to leave school at 3:15 pm every Tuesday and Wednesday to make it to gymnastics on time. On the days I don't have gymnastics, my parents are bringing my brother to sports, which is always crazy.

I leave school at 3:15 pm every Tuesday and Wednesday so I can make it to gymnastics on time. Gymnastics practice starts at 4:00 and ends at 8:00, that's four hours! My coach lets us bring homework to do it during our break, so we don't have to do it all at home when we are exhausted and can't think. Once I get home, it's around 8:30 pm, and I still haven't ate dinner yet. My mom makes me dinner and after I eat, I have a couple minutes of free time and then I'm off to bed.

On the days I don't have gymnastics, my brother has sports. That means once I get home, my brother is rushing out the door to go to his practice. Once all of the craziness is gone, I have free time to do whatever I want, until my brother gets home, and then it's crazy again. While I have this free time, I'm not doing my homework. When my mom gets home, she begins to yell at my siblings and me to do our homework. In my house, homework takes a while to do because nobody can concentrate, so once we finish there's no free time.

On the weekends, I have free time on Sunday, but not Saturday. At 11:00 am on Saturday, I have to start getting ready for gymnastics. Practice starts at 12:00 noon and ends at 5:00 pm. Once I'm done with 5 hours of gymnastics, I am way too tired to do anything!

Danielle D.

This is my free time schedule for the week. On Sunday, I usually have a lacrosse game or a lacrosse tournament. Then after that, we go to my Nana and Pop-pop's house for dinner. We do that every week. On Monday, I come home and do homework for a little while and then get into the car to drive to my sister's lacrosse practice. Later I then go outside to play with my dogs. On Tuesday, I come home from school and do homework. During basketball season, I go to basketball practice from 6:30 to 8:30 pm. If it is lacrosse season, I go to lacrosse practice. On Wednesday, I get home from school and then go to lacrosse practice or a game. Then, on Thursday, I go to my cheer tumble lessons after I go to lacrosse practice. On Friday, I have lacrosse practice after I come home from school. Lastly on Saturday I normally go to a lacrosse game and then go home to watch TV. It is so much fun! This is my schedule for the week.

I have a lot of free time. During my free time, I like to play on my computer or on my phone. I usually play video games like Minecraft, Dota 2, Portal 2, or online games like Slither.io, and agar.io. If not, I am watching YouTube, or I am making my own YouTube videos. Another thing I do in my free time is draw. Drawing helps relieve stress for me, and I love that when I draw, I have the freedom to draw whatever I want. Also, in the summer, I love playing outside in our swimming in the pool or having water balloon fights. I love the warm weather. This is my free time schedule.

Ben H.

When I have free time at my house I spend it in many different ways. Most of my free time is spent in my room. I have a whole closet of books and art supplies. When I use my art supplies I usually paint or make crafts. I have just paint and watercolors, I also have five different sized paintbrushes. When I do crafts, I have things such as homemade glitter to giant sheets of paper. When I was seven I made my brother mittens, they weren't very warm or good looking, but they were homemade. I also make books. I invented a series called Happytown. It is about smileys (things that look like emojis) working together to solve problems. I have only made two of the books, but I am going to continue in the future. The other place I spend my free time

is in my yard. I play with my bike, scooter, wiffle ball and bat, soccerball, basketball, football, and jump rope. I love going outside with my brothers. We play tag football and a game we call "We Don't Have A License" (a game we made up, one person is the policeman and two people are criminals. The criminals say we don't have license and the cop chases them, if the person with no license gets caught the other person wins.) That is what I do in my free time.

Katie P.

I always have a lot of free time. My favorite things to do are go fishing, play basketball, ride my bike, and go to my uncle's house. I love going fishing with my twin sister, Alexis. I also love going to my friend's house.

Aaron L.
