

Definition

- Fresh water , in sufficient quantity & quality, is essential for all aspects of life & sustainable development. The human rights to water & sanitation are widely recognized by member States. Water resources are embedded in all forms of development (for example : food security , health promotion and poverty reduction), in sustaining economic growth in agriculture , industry and energy generation and in maintaining healthy ecosystem.

Causes of Water Pollution

- Sewage and Waste Water
- Dumping
- Industrial Wastes
- Oil Pollution
- Acid Rain
- Global Warming

Consequences

- Six hundred thirty three million people lack access to safe water.
- Water scarcity affects more than forty % of Global population.
- Two . Four billion people lack access to basic sanitation services.
- One / Three of all healthcare facilities in developing world lack a safe water source.
- Each day nearly thousand children die due to preventable water & sanitation-related to disease

Clean Water & Sanitation

Done by :
Jana Tarek
Salma el Kady

Solutions

- Wastewater treatment
- Green agriculture
- Storm water management
- Air pollution prevention
- Plastic waste reduction
- Water conservation

Prevention of oil spills in oceans and other water bodies can reduce

water pollution.

http://www.earth.com

"It isn't pollution that's harming the environment. It's the impurities in our air and water that are doing it."

Don Quayle

Please help us to eradicate water pollution because people need clean water for many things . We need you , the world needs everyone's effort.

Gender Equality

BY: NOUREEN ASHRAF
PAKINAM AMR
LOJAIN HAYTHAM

What is the meaning of gender inequality?

Gender Equity means: Being fair to women and men. To ensure fairness, measures are often needed to compensate for historical and social disadvantages that prevent women and men from otherwise operating as equal. Equity leads to equality.

Gender Equality: means that ones rights or opportunities do not depend on being a male or a female.

Causes of Gender Inequality

- Bad mentality
- Education level
- Tradition and culture
- Religion

Solutions of Gender Inequality

- Give proper value to 'women's work
- Work together
- Drive Skills Development Equally
- Enforce gender quality

"You educate a man;
you educate a man.
You educate a woman;
you educate a generation."

- BRIGHAM YOUNG,
American leader

GENDER EQUALITY
IS NOT A
WOMAN'S ISSUE.
IT IS A
HUMAN ISSUE.
IT AFFECTS US ALL.

Figure 3. Gender distribution among leaders

Health•

Made by : Hana Mahmoud & Ava Mahmoud & Sulma Monsef 1GD

Causes of Health Problems

Health problems can be caused by

1. lifestyle behaviors (e.g. smoking)
2. exposure to toxic substances
3. stress
4. inherited
5. injury or an accident
6. inactivity
7. lack of sleep
8. infectious disease

What are the consequences of bad health on society?

- 1 / Our capacity to work will decrease.
- 2/ A less financially productive society
- 3/ increased communicable diseases
- 4/ Lower rates of business growth and investment
- 5/ Poor levels of education

What are the consequences of bad health on the individual?

- 1/ Tiredness
- 2/ High blood pressure
- 3/ Stress
- 4/ Overweight
- 5/ Tooth decay

How to solve the problem of bad health in the society?

- * Maternal deaths rates to 70 per 100,000 live births Reduce
- * End preventable deaths to children under 5 to 12 deaths per 100,000 live births.
- * Reduce road deaths by 50% by 2020
- * By 2030 universal access to health care services.

Facts & Statistics

- * 6 Million children die before they reach 5 years of age.
- * 35 Million people live with HIV and 240,000 children end 2013.
- * 4.3 million deaths in 2012 were to due air pollution in homes from wood / coal stoves
- * Maternal death rate in developing countries is 14 times higher.

Quotes

Calm mind brings inner strength and self confidence ,so that's very important for good health .

Dalai Lama

Good health is not something we can buy .However, it can be an extremely valuable savings account .

Anne Wilson Schaeff

Peace

***PEACE IS WHEN PEOPLE ARE ABLE TO RESOLVE THEIR CONFLICTS & WORK TOGETHER TO IMPROVE THE QUALITY OF THEIR LIVES.**

DO U THINK PEACE COULD INCREASE IN THE COMUNITY?

1. Become more familiar with your community. ...
2. Plan a peaceful event. ...
3. Explore volunteer opportunities. ...
4. Make sure you have current contact information for your neighbors. ...
5. Attend and participate in community events....
6. Stop wars all over the world
7. Implementation of sustainable development goals

I'm just hoping that people understand that Islam is peace and not violence.

Muhammad Ali

Causes of Wars

- *Economic Gain
- *Territorial Gain
- *Religion
- *Nationalism
- *Revenge
- *Civil War
- *Revolutionary War
- *Defensive War

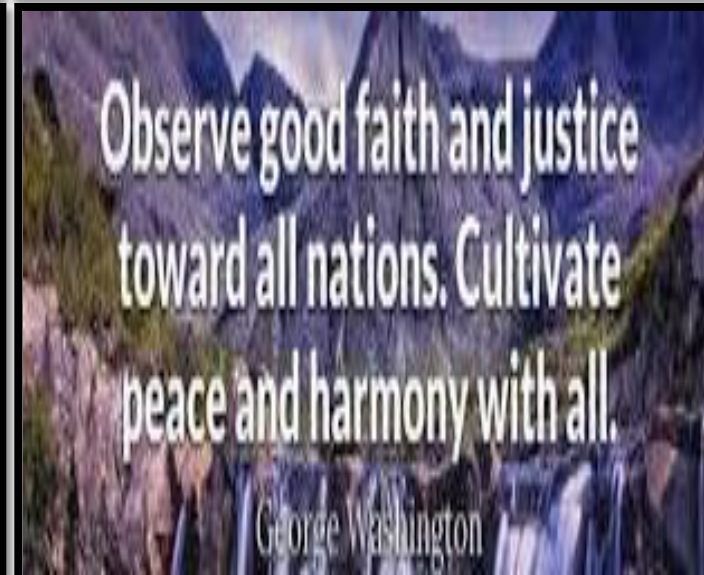

We can never obtain peace in the outer world until we make peace with ourselves.

Dalai Lama

Consequences

- *Big destruction
- *Extreme poverty
- *Unemployment
- *No shelters
- *Migration
- *War dead

No Poverty

By:-
Jomana Ashraf
Joudy Ahmed
Haya Tamer

Causes To Poverty

- Overpopulation in a country with insufficient amount of resources like food and water will result in poverty in that country.
- With Illiteracy in poor countries will cause the children to have no education in their life and unable to get a job to support their family.

HOW WILL THE CHANGE AFFECT THE WHOLE COUNTRY/COMMUNITY?

Eradicating poverty is the greatest global challenge for sustainable development for various reasons.

- > Crime rate will decrease.
- > Better health conditions
- > Better education
- > Generally speaking, most of
- > The social aspects will improve

INTRODUCTION To POVERTY

Poverty is a severe problem that faces us now a days , it exists in developing as well as devolved countries.

Effects of poverty

- In effects of poverty are Hunger, Homeless, Health problems, Illiteracy and without basic needs.
- In poor countries, most of the people dies because of poverty as many died because of lacking in healthcare.

Thirty million people a year
DIE of HUNGER
Thirty million people a year
DIE of HUNGER
Thirty million people a year
DIE of HUNGER

Facts & Figures

Quarter the world population still live in extreme poverty.

Topics

- ▣ Hunger
- ▣ Money
- ▣ Shelter
- ▣ Employment

Solution to Poverty

- Do charity work and accumulate money and donate to the people in countries facing poverty.
- Providing free shelter, food, health care, education and drinking water for them.
- Reducing government taxes for the villages who are facing poverty.

Quote By Kofi Annan

Extreme poverty anywhere is a threat to human security everywhere.

Hala Mohamed

Salwa sherif

Jomana Mohamed

QUALITY EDUCATION

Class: 1GD

PROBLEMS ABOUT QUALITY EDUCATION AND
THEIR SOLUTIONS:

First problem: traditional techniques make
students less persuaded to learn.

Solution:

Create online tools and resources
help teachers understand and practice
authentic teaching

QUOTES ABOUT QUALITY
EDUCATION:

We must take care of quality
education as nelson Mandela said
“education is the most powerful
weapon which you can use to change
the world”.

CONTENTS:

- The meaning of quality education
- Problems of quality education
- Solutions for the problems
- Quotes about quality education
- OUR OPINION

Second problem: lack of funds.

Its solution: Build relationships with
NGO'S

QUOTES ABOUT QUALITY
EDUCATION:

We must take care of quality
education as nelson Mandela said
“education is the most powerful
weapon which you can use to change
the world”.

MEANING OF QUALITY EDUCATION

A good education is *one that provides
all learners with capabilities they
require to become economically
productive.*

THIRD PROBLEM : THE SCHOOLS DON'T
PROVIDE STUDENTS WITH INTERNATIONAL
STANDARD OF LEARNING.

ITS SOLUTION: Create a database to
help educators identify and evaluate, as
well as take ownership of digital
content.

OUR OPINION

We think that we must take care of quality of education. Moreover,
quality of education is so important, that is evident as education is
what makes our country a developed country or a developing
country as this depends on quality of education. On the other hand,
if people dismissed the quality of education this will be so bad so by
this way there wasn't going to be any inventors which could change
the whole world into the worse.

ZERO HUNGER

By:

Salma Hamed

Malak Mohamed

Prep 1GD

ZERO HUNGER

Definition

1. Goal 2 in the sustainable development goals.
2. A goal from 17 global goals.
3. Makes up the 2030 Agenda for Sustainable Development.
4. An integrated approach is crucial for progress across the multiple goals.
5. End hunger, achieve food security and improved nutrition and promote sustainable agriculture.
6. Priority of the World Food Programme.
7. A huge barrier to development in many countries.

ZERO HUNGER

Reasons & Causes

1. Poverty Trap.
2. Lack of Investment in Agriculture.
3. Climate & Weather.
4. War & Displacement.
5. Unstable Markets.
6. Food Wastage.

ZERO HUNGER

Consequences

1. Malnutrition.
2. Physical Side Effects.
3. Weakened Immune System.
4. Physical & Mental Stunting.
5. Increased Risk of Disease.
6. Lower Success Rate.
7. Loss of Productivity.
8. Loss of Wellbeing of Entire Community.
10. Inequality.

ZERO HUNGER

Possible Solutions

1. Sustainable Food.
2. Access to Credit.
3. Food Donations.
4. Transitioning.
5. Urban Farming.
6. Access to Education.
7. Social Change.
8. Government Intervention.
9. Empowering Women.
10. Birth Control Education.

ZERO HUNGER

Expert Quotes

1. "If we can conquer space, we can conquer childhood hunger." **Buzz Aldrin**
2. "If you can't feed a hundred people, then feed just one." **Mother Teresa**
3. "We rise by lifting others." **Robert Ingersoll**

ZERO HUNGER

Expert Quotes

4. "Malnutrition is the single largest contributor to disease in the world." **FAO**
5. "Overcoming poverty isn't a task of charity, it's an act of justice." **Nelson Mandela**
6. "We know that a peaceful world can't exist one third rich & two thirds hungry." **President Jimmy Carter**

ZERO HUNGER

Facts & Statistics

1. 821 million people in the world don't get the food they need to live a healthy life.
2. The number of people facing hunger in the world has dropped from 24% in 1990 to about 10%.
3. Africa has the highest prevalence of undernourishment- nearly 21% of the population is affected.
4. 1 out of every 10 people around the world experience chronic hunger.
5. 10.7% were suffering from chronic undernourishment in 2016.

ZERO HUNGER

ZERO HUNGER CHALLENGE

- ZERO** starved children less than 2 years
- 100%** access to adequate food all year round
- ALL** food systems are sustainable
- 100%** increase in smallholder productivity and income
- ZERO** less or waste of food

HUNGER CAN BE ELIMINATED IN OUR LIFETIMES

LIFE ON LAND

By

Judy Mohamed Salah
Alia Adel
Malak Khaled
Khadija Ayman

CAUSES OF DESTROYING LIFE ON LAND

- Chopping trees
- Deforestation and soil erosion
- Agricultural chemicals
- Industrialization
- Mining
- Landfills

CONSEQUENCES

- Air Pollution
- Ground water poisoning
- Loss of topsoil
- Water nutrient enrichment
- Shifting habitat
- Increased risk of wildfires

SOLUTIONS TO LAND POLLUTION

- Proper waste disposal that focuses on treating waste and disposing it in the safest manner possible.
- Reusing materials to reduce the need for harvesting of resources. Products that are not reusable can likely be recycled.
- Reducing the usage of non-biodegradable materials, such as plastic shopping bags. The simple act of switching to a reusable cloth bag for groceries can help cut down on the need for non-biodegradable materials.
- Organic gardening can reduce the usage of pesticides and insecticides. Non-gardeners can help by buying organic food.

CONCLUSION

The negative consequences of land pollution can be greatly reduced with the cooperation of everyone. By making a conscious effort to contribute to a safer environment, the health and well-being of all can be protected.
