I 
my
School

why I

MY SCHOOL

Why we love our school

Our school is full of joy, curiosity, hope and knowledge.

Also, our school offers a lot of activities and it makes learning fun.

I like our school because we have really friendly staff.

They are always there to help if we have any problems and are always fair about things.

Why we love our school

*I love **our school** because it has lots of facilities.*

There is a big playground, a computer lab, library, science labs, prayer hall, and a cafeteria.

There are so many students studying in the school from Kindergarten to higher secondary classes.

Why we love our school

Our school is so organized, there are a different color to different categories.

In *our school*, you can find the kingdom students are wearing a red t-shirt while the primary grades are wearing green t-shirt and preparatory grades are wearing blue t-shirt.

Furthermore, there are a separate building for each stage.

Our school is worry about every soul in it, accordingly, *our school* put the Kindergarten away from the bigger grades to avoid any hurt happened to them.

Fun at school

School is the best place for enjoying and learning . We have fun at school as playing most of sports in P.E .

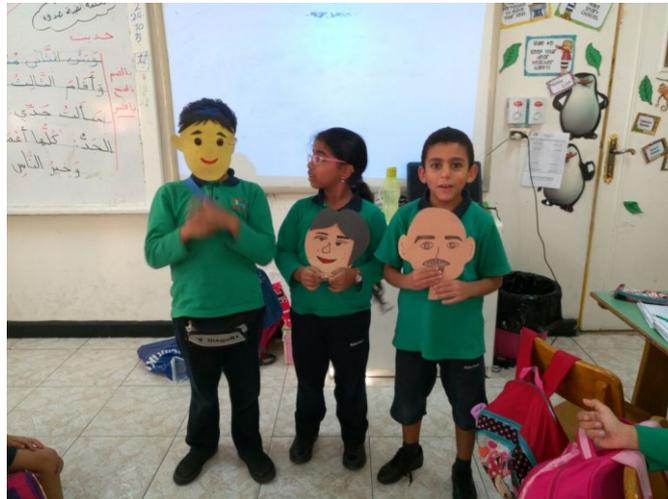

We have fun in learning and doing experiment in science session.

All of my teachers teach us with activities and fun things to understand any lessons .

**Time to have fun
and learn!**

Learn with fun

Learn with fun

Continuous Having fun in our school

Our school organizes many events where students can participate.

These events help the students to discover their talents, not to be shy and let us like learning.

It is always a happy and memorable moment to participate in these events.

COVID-19 challenge in our school

Corona virus is very harmful specially to schools because there are many children from different places.

Our school makes some precautions to rescue the children from the danger of *corona virus*.

We go to *school* three days only and We leave from school early.

We must to wear mask or face shield.

We must keep the social distance from each other.

We must use hand sanitizer all the time to save ourselves from this harmful virus .

The education will be online in the other days at home.

COVID-19 challenge in our school

Another reason makes us love our school

*Our school insist to give us our part of education even in that condition in presence of **coronavirus**, However, **our school** cares about us.*

So, our header decided to divided us in a separate days to decrease the capacity of the class to avoid spread of disease but in the same time, he made to us our online sessions to avoid to be late.

In online sessions, I be in my home but in the same time I learn and take my part of education

Online classes

Other thing you need to know about our school

Our school have three division, In each division, we learned well.

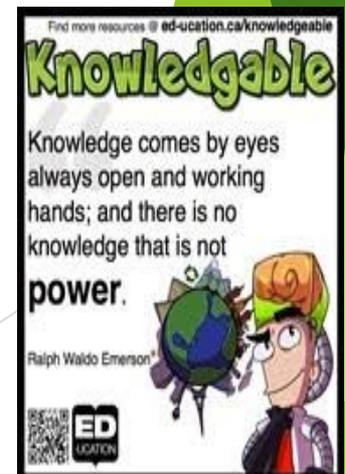

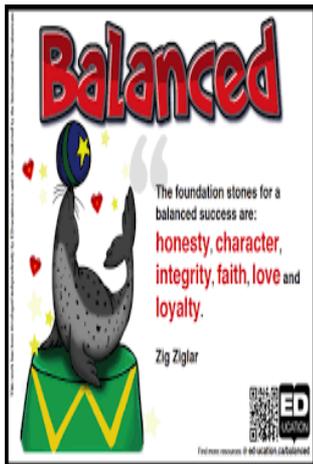

*Now, we are in the **CBL** division which mean **IB** learner profile.*

We are risk-tasker, inquires, balanced, thinkers, caring, open-minded, communicators, principled, knowledgeable and reflective.
